

Central Japan International Airport Study Tour *centrain*

Chubu International Airport Co., Ltd. is the first airport built by the private sector.
It is now a well-known airport in the Chubu region.

A bus tour to Centrain Airport was organized as part of the "Career Development Program for international students".

You can visit places such as runway which you cannot enter normally, and there will also be mixer with international employees.

Participate to use this opportunity as your future career formation and job hunting!
